Cream Bow Plush

AI interactive plush companion with 4G + Wi-Fi connectivity, finished in soft cream and paired with one coordinated doll outfit set.

HIGH-SPEC MOBILE VERSION
4G · WI-FI · CLOUD AI

12 cm	1500 mAh	4G + Wi-Fi	Gift box
Palm-size companion	Rechargeable battery	Independent mobile use	Premium branded packaging

A little ceremony, tied in satin.

CREAM COLORWAY / FRONT VIEW

01 **Oversized satin bow**
A luminous finishing touch with a soft, gift-like character.

02 **Curly plush texture**
A cloud-like cream pile designed for a warm tactile impression.

03 **Expressive face**
Realistic eyes, satin-style bangs and a gentle embroidered smile.

04 **Lace & ribbon detail**
A delicate neckline completes the romantic cream styling.

“Not just a connected companion — a tiny character with a wardrobe.”

PRODUCT PHOTOGRAPHY: SUPPLIED CREAM BOW SAMPLE

Beyond Wi-Fi.
Still close to the conversation.

Two connectivity paths support the cloud AI experience at home, outdoors or while travelling — subject to network and service availability.

Independent outdoor connection

Use an activated, compatible SIM and data service to go online without a phone hotspot — at home, outdoors or while travelling, wherever coverage and cloud service are available.

Wi-Fi · Jieli 791

Connect through a compatible wireless network for cloud AI voice interaction and supported online functions.

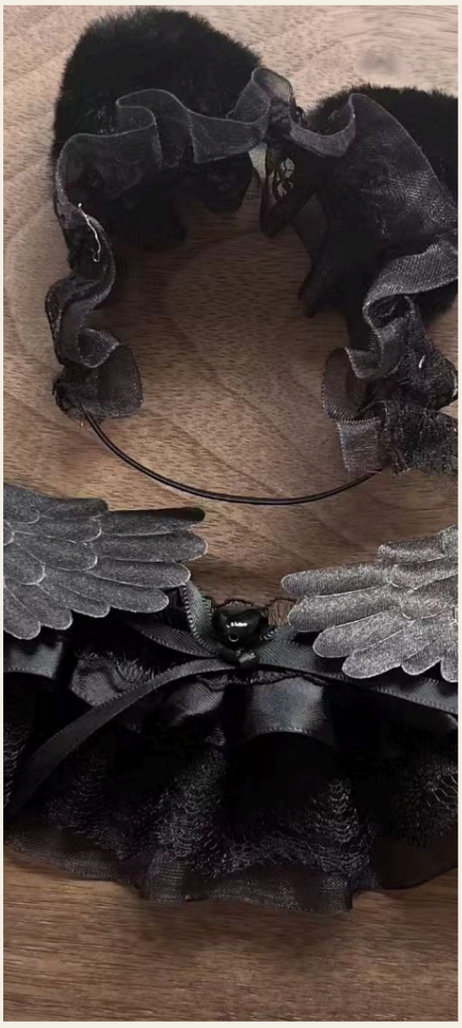

Cloud AI	Voice interaction requires an active internet connection and supported cloud service. This edition does not contain an offline AI model.

IMPORTANT FOR OVERSEAS ORDERS

Before ordering, confirm the exact module variant, supported frequency bands, SIM requirements, local operator compatibility, network coverage and cloud-service availability for the destination country. 4G connectivity is not a guarantee of worldwide compatibility.

Three moods. Choose one.

Wing appliqués, layered lace and ribbon details turn the little companion into a dressed character. One coordinated outfit set is included with the doll.

01 Midnight Wing

Black plush ears, sheer ruffles, layered lace and soft grey wings.

02 Lavender Wing

Pale lilac ribbons, floral lace and ivory wings with a light, dreamy palette.

03 Pearl Wing

White-on-white lace, soft ribbon ties and sculpted wings for a pure bridal mood.

The three photographs show available styling directions — not three included sets. Please confirm the selected outfit color/style and final packing list on the order.

OUTFIT PHOTOGRAPHY: ACTUAL SUPPLIED SAMPLES

Wake. Connect.
Start a little conversation.

01

Wake your companion

Power on and use the supported touch interaction to begin. Refer to the supplied user guide for the exact control sequence.

02

Choose 4G or Wi-Fi

Set up Wi-Fi or use compatible 4G mobile service without relying on a phone hotspot. Complete any required POPWINDS App pairing and account steps.

03

Talk through cloud AI

Enjoy online AI voice interaction. Response availability and features depend on firmware, App support, network quality and regional cloud service.

POPWINDS APP

Setup & personalisation

Use supported App functions for device setup and available voice, volume, history and firmware settings. Functions may vary by version and region.

The essential details.

Confirmed configuration for the Cream Bow high-spec mobile edition. Ask for the final datasheet when placing a bulk or destination-specific order.

TO CONFIRM BEFORE ORDER

Exact module variant and bands · SIM/data service · charging details · local cloud service availability

A little care keeps the magic close.

01

Confirm overseas network compatibility first

Check the exact 4G module variant, supported bands, SIM/data requirements, operator coverage and cloud service in the destination country.

02

AI features require internet service

No offline AI model is included. Connection quality, App/firmware version and regional service can affect available functions and response time.

03

Keep the electronic plush unit dry

Do not wash, soak or submerge the main unit. Surface clean gently and avoid moisture around charging and electronic areas.

04

Handle outfits and accessories gently

Lace, ribbons, wings and small fittings are decorative. Avoid pulling, sharp objects and rough handling; follow the final garment-care instructions.

Keep away from fire, excessive heat and moisture. Use only the charging method and electrical ratings stated in the final confirmed user guide.

Softly dressed. Always within reach.

Cream Bow styling, one coordinated outfit set, and dual 4G + Wi-Fi connectivity for a more flexible cloud AI companion experience.
